Sir,

With reference to Government Proceedings No: 4947-54 Rev: 96 dated the 22nd July 1891 enquiring whether in this District, reduced assessment under the notification dated 13th July 1863, has been allowed and is in force in any cases of repairs done to Tanks without the express previous sanction of Government obtained as laid down in the late Chief Commissioner's notification of 23rd December 1871, I have the honor to state that from the reports of the Amildars and Deputy Amildars, it appears that there are only two cases of the kind in the District as shewn below:-

2. In 1871-72, one Avalanja constructed at his own cost a kunte on his Kandayem dry land, attached to Chendaganhalli, a hamlet

hamlet of Bairaganhalli, Sidlaghatta Taluk, and Mr. Krishniengar, late Deputy Commissioner, who personally inspected the Tank, passed an order No: 550, dated 17th February 1873, directing the land commanded by the kunte to be assessed at a wet rate of 5 annas per kudu. For this kunte, one-fourth remission of assessment amounting to Rs 14-12-- has been allowed by the Revenue Survey Department.

2. In 1880-81, one Venkataramappa, having applied for permission to convert into an irrigation work at his own cost a disused Gokatte (cattle Pond) attached to Beeheiak-Gowalhalli village, Bowringpet Taluk, the said Deputy Commissioner granted the application and in his order No: 74 dated 4th December 1880, directed the levy of a wet assessment of annas 6 per kudu, on the land irrigated by the Tank.

4. The question as to whether or not a Remission of 1/4th assessment should be allowed in the case of the lands under this Tank, does not seem to have yet been finally settled by the Survey Department.
